40 CFR 263.31, 49 CFR173.3(c)(1) Contact us if further details are needed.

**JUST IN CASE YOU DON'T SEE WHAT YOU NEED HERE IN THESE PAGES FOR YOUR OPERATION, CALL OR EMAIL US AND WE'LL CREATE A SPILL KIT SOLUTION MADE JUST FOR YOU.**

## BE PREPARED

A spill kit can be whatever you need it to be for your facility, the key is to be prepared. In these pages are standard and popular types that meet a broad variety of applications.

## CHOOSING A SPILL KIT

**What liquids will you be absorbing ?**

Select Absorbents based on what liquids are being addressed in your operations

**What is the volume of your worst-case-scenario spill?**

Calculate the most liquids that could spill from any source

**What type of spill kit container will work best for your facility, allowing for ease of access and quick response?**

Boxed, Lab Packs, Poly Pail, Cart, Overpack, Salvage Drum

**Do you have a contingency Plan for responding rapidly and successfully to a spill, enabling a smooth and effective spill response ?**

This would include plans, actions, resources and methods to address spills and protect plant and personnel.

## SPILL KIT TYPES

**Universal (MRO):** For Oils, Coolants and Water

**Oil-Only:** For Oil, not water

**Haz-Mat:** For most Acids and Bases
